# TEXAS BLOWS FIFTEEN MILLION A YEAR FOR. AUTOMOBILE RIDES

Fort Worth, Tex., Aug. 30 .- The Texas Commercial Secretaries' association has received reports from local secretaries throughout the state on the number of automobiles in use in their respective communities and the amount invested in this character of vehicles. The reports develop the startling information that Texas is spending \$15,000,000 per annum in joy rides. According to the reports received there are approximately 30,000 automo-

biles in Texas, and the average cost is about \$1500 each, making an investment

of \$45,000,000 in automobiles. This is more than one-balf of the capital stock of all the Texas state banks. It is estimated that three years is the life of an automobile making a less through deterioration, decrease in value, etc., of \$15,000,000 per annum.

The state's fire loss is estimated at \$4,000,000 per annum, and our automobile losses are four times the fire losses, The reports show that the principle use of the automobile is as a pleas-

ure craft, although II percent are reported in transportation service of one kind . Dallas leads all Texas cities in the number of automobiles in use, 1237 at

a cost price of \$2,474,000. San Antonio ranks second with 925 automobiles valued at \$1,750,000. It is estimated there are 200,000 automobiles in the United States and Texas has 15 percent of the total.
